

REMARKS

The application has been amended and is believed to be in condition for allowance.

Claim 14 is cancelled.

Claim 15 has been amended to make clear that the screw and cloth are not part of the claimed invention itself.

Applicant appreciates the time and suggestions of the Examiner in reviewing this amendment to verify that all the formal matters have been address.

Note that claim 15 provides the antecedent basis to the external edge of the table in line 6 "for attachment to an external edge of the table".

Claim 16 has been amended to recite that "the fixed element has an upper part that is longer than a corresponding lower part and comprises a further projection which fits into an upper notch of the mobile element". See for example Figure 2 which shown the fixed part with a total of three projections (7, 10, 11).

Claims 18-20 have been amended to make clear that the claimed invention does not include the table itself. Claim 21 includes the table.

The claims have been amended to change "fixed device" to "fixed element".

Applicant appreciates these informalities having been identified. Withdrawal of the indefiniteness rejection is solicited.

Claims 15, 19, 20, 24, 25, and 26 were indicated to be directed to allowable subject matter.

Allowance of claim 15 is therefore solicited.

Allowable claims 19 and 24 have been amended to be in independent form.

In view of the above amendments, the case is believed to be in condition for allowance.

Should there be any matters that need to be resolved in the present application, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

Please charge the requisite fee of \$100 for the one extra independent claim added herewith, to Deposit Account No. 25-0120.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
